

Shutesbury Board of Health
February 21, 2024, 7 pm
Virtual meeting

Present: Catherine Hilton, chair; Wm Levine, Norene Pease, Arleen Read, Garrett Simonsen, board members.

Actions:

Minutes of previous meeting accepted.

Unanimous vote to send a letter supporting Claudia's request for a waiver from the new credentialing requirements for registered sanitarian.

Discussion:

56 Wendell Road: Claudia said she would send a formal notice of inspection and inform us of the date and time. She would like at least one member of the board to accompany her. The inspection is not yet scheduled.

We have received from the state ten cases of covid tests and as many of face shields. The tests expire on March 25. Cat gave one carton of tests to Northfield; Mary Ann will take one at the library. Norene and Garrett will ask if any collaborative towns need more tests at the next meeting (February 22). Cat will ask Sarah how many she thinks we can spare. One carton of face shields (96 count) has been stored in the BOH shed but all the others can be given away, repurposed, or discarded.

Norene and Garrett will attend the collaborative meeting; on the agenda is the question of EDS organization. Our board is willing to cooperate with one or more towns, but probably not the whole membership.

Arleen is well into the foundations training and sent a link to the other board members. The link is for the new training platform. The April 1 deadline will not apply to us; that is when the old training platform will be phased out.

Adjourn 7:45
