

SHUTESBURY PUBLIC MEETING NOTICE

Posted in accordance with the provisions of MGL 30A §§18-25

Shutesbury Broadband Committee/MLP Board -Minutes

AGENDA

1. Take Attendance

Eric Stocker
Frank Citino
Gayle Huntress
Craig Martin
Graeme Sephton
Steve Schmidt
Kent Whitney
Jim Hemingway
Becky Torres

2. Approve Minutes 3/25 and 3/26

Subscription Update ~260 signed up so far

3. Sirius Community

- a. A special type of ownership model, not like other multidwelling units.
- b. Graeme and Jim will do a visit to evaluate the buildings and needs

4. Hut update

- a) Graeme looking into the generator manufacturer service schedule recommendations, specifically Kohler 20kW air cooled vs. 24kW liquid cooled extended use requirements
- b) Electric demand meter would cost \$1,000. Decided not to get separate electric meter for hut, will work out agreement with town for use of Town Hall electric service
- c) Gayle will work with Becky on proposal and logistics for broadband service to town facilities

5. Router

a) Comparison of models

Calix 844E, SmartRG SR400AC, Motorola MR 1900

d) Can you access the smartphone router apps without managed system?

e) Router Discussion – owned or unowned, managed? Will go with unmanaged. Managed is not worth the extra expense and commitment for 3 yrs. Customer benefit is not worth it.

f) Calix has the best range, best directional range

g) How security and firmware updates happen, other ISPs that use the unmanaged – get references

6. UPS – discussion tabled till next week

7. Other Business – next meeting Monday, April 8

8. Adjourn

Craig Martin 4/9/2019 10:22 AM

Comment [1]: Who said this? Should say something like "Jim H reports that in his study, ..." Best compared to what? If only to SmartRG, the should say "better than ..." But I take exception with this claim, so maybe just say "Jim H reported on some preliminary router studies"
