NO WATER

The well pump at the town hall failed this week on Tuesday night. On Tuesday night the Library Board of Trustees, Selectboard, Finance Committee and Recycling Committee all met. Town Hall is a busy place is a busy place these days. But there are still committees short on members. If you are interest please call me. The library composting toilet served the town hall. Many people remembered the years and years where it was just the opposite, the town hall served as the facility for the library. Thanks to Buzzy Booth the repairs to the 311' well were completed early the next day.
