Presentation of Consultant Findings by Shutesbury's Regionalization Committee
Question & Answers

*****All residents are encouraged to attend*****

At a public session on February 2, Regionalization analysts, Malcolm Reid and Marc Abrahams presented their findings on educational and financial impacts of the four towns of Amherst, Leverett, Pelham and Shutesbury possibly forming either a new pre-K-6 Region or a pre-K-12 Region.

On Feb. 27, Shutesbury's Regional School District Planning Committee consisting of Elaine Puleo (Select Board), Michael DeChiara (School Committee) and Becky Torres (Town Administrator) will share the consultant information along with additional information about possible regionalization. The Committee will then hear comments and questions from the audience.

Full information including the educational and financial consultants' reports are available at <http://www.regionalschoolplanning.com>. Copies of the consultant reports are also available at Town Hall and the library.
