### ENROLLMENT/SCREENING

#### FOR 3, 4, & 5 YEAR OLDS IN THE COMMUNITY

In Shutesbury, developmental screening is available through the school as a first step in a process intended to find children in need of special services and to plan for meeting those needs. The screening focuses on a child's growth in a number of areas, such as large and small muscle control, speech/language development and concept development. This activity takes about twenty minutes and consists of a number of games that children typically enjoy playing. The screening gives an indication of whether or not a child's skills are developing within the typical range.

The Shutesbury Elementary School Preschool is currently enrolling children for the 2013-2014 school year. If you or anyone you know has children under the age of five, or you have questions or concerns about your child's development, please contact us for more information about the program. Contact Grace Griecci, Pre-k teacher, at 253-1212 ext.140 or email her at [grieccig@shutesburyschool.org](mailto:grieccig@shutesburyschool.org)

**This screening is available to all families in town, including those with a child not already enrolled in the school's preschool program**
