Shutesbury Early Childhood Program

The Shutesbury Elementary School Community (SES) believes that opportunities for early childhood education are essential components of a good education system. Early experiences in an environment rich in hands-on materials and activities provide children various opportunities to grow emotionally, physically, socially and cognitively. We believe that a trans-disciplinary team approach, in which all adults working with children are responsible for a child's learning, is the most effective way of teaching and we also believe that parents are the most important teachers of their children and that their involvement in their child's education is essential.

Our Early Childhood Program is accredited by the National Association for the Education of Young Children (NAEYC), which is a mark of a high quality program for young children

PRE-SCHOOL AND KINDERGARTEN ENROLLMENT/ SCREENING FOR 3, 4, & 5 YEAR OLDS IN THE COMMUNITY

In Shutesbury, developmental screening is available through the school as a first step in a process intended to find children in need of special services and to plan for meeting those needs. The screening focuses on a child's growth in a number of areas, such as large and small muscle control, speech/language development and concept development. This activity takes about twenty minutes and consists of a number of games that children typically enjoy playing. The screening gives an indication of whether or not a child's skills are developing within the typical range.

The Shutesbury Elementary School Preschool is currently enrolling children for the 2015-2016 school year. If you or anyone you know has children under the age of five, or you have questions or concerns about your child's development, please contact us for more information about the program. Contact Grace Griecci, Pre-k teacher, at 253-1212 ext.140 or email her at grieccig@shutesburyschool.org

**This screening is available to all families in town,
including those with a child not already enrolled in the
school's preschool program**
