

**Library Facility Needs Assessment Committee  
(LFNAC)**

**April 9, 2008 Forum Meeting Notes**

1. Meeting convenes at 7:10pm
2. Mary Anne's welcoming message:
  - a. Who we are
  - b. Handouts available
    - i. Survey
    - ii. Survey results
    - iii. Points to think about
  - c. Slide show available
3. Introduction of the LFNAC members
4. Responses/Dreams from attendees
  - a. Would like a library like Wendell's even though they are a much smaller population than Shutesbury. Chair in the corner so you feel like you are off by yourself. Meeting room. If it gets built on Lot 32 – 20 years from now, as a little old lady, she can walk to the library.
  - b. This person would like what public library in New Jersey does, which is to have science experiments that can be checked out.
  - c. If we had a cafe, many more folks would congregate at the library. A cafe and an art gallery can attract artists, which build cultural and social community building that promotes economic.
  - d. Space for a lot of light and a public meeting room and a children's room with some computers and another bank of computers elsewhere for adults and teenagers. The more comfortable space the better. Coffee.
  - e. Suggestions of museums to solicit passes.
5. Meeting adjourned at 7:40 p.m.
