MassDEP Approved Laboratories for Analysis of Drinking Water for Per- and Polyfluoroalkyl Substances (PFAS)

The following is a list of laboratories that have applied to the MassDEP Drinking Water Program and whose results are accepted and approved in accordance with Massachusetts Drinking Water Regulations 310 CMR 22.11A(2) which states MassDEP may “accept results of analyses performed by laboratories which are certified by the EPA or any other certification authority approved by the Department.” Until such time as MassDEP promulgates laboratory certification regulations, results of the laboratories listed below using either EPA Method 537 or 537.1 are accepted by the MassDEP Drinking Water Program.

This information is available in alternate format. Contact Michelle Waters-Ekanem, Director of Diversity/Civil Rights at 617-292-5751.
