

LAKE WYOLA ADVISORY COMMITTEE

Approved Minutes

October 19, 2019 at 9:00 AM

Shutesbury Town Hall

Members Present: Catherine Hilton, Howard Kinder, Walter Tibbetts, and Mark Rivers

Guest: John Kinder

1. The minutes from the September 21, 2019 meeting were reviewed and approved.
2. Updates on activities related to resident's concerns with crowding at the State Park

Mark will contact Select Board and request that this issue be added to their November meeting agenda. Howard suggested that a white edge line be painted on Locks Pond Road.

3. Update on Fall lake drawdown

- Status of the lake water level staff gauge

The newly purchased staff gauge will be installed this year.

- Review the drawdown procedure that Howard and John wrote

At the request of the Conservation Commission, Howard will target a 2" per day lowering rate instead of the traditional 3" per day rate. Once the new valve settings that correspond to 2"/day lowering rate have been determined, the drawdown procedure will be updated.

4. Locks Pond Culvert Replacement

Howard would like the new culvert to have a depth marking that corresponds to a 0.5 cubic feet per minute flow rate.

The meeting ended at 9:45. The next meeting is scheduled for November 23rd.
