

TA Report 7.23.10

FIRE STATION GASOLINE LEAK DEP is talking about the excavation project starting the first week in August. The weather conditions should be perfect. The water table should be at the lowest of the year. We hope that there will be a dry spell during that period.

POLE MOUNTED SOLAR PANELS BEHIND TOWN HALL! Two of the 4 panels are up and making electricity. The SREC market is taking shape. The town may benefit financially.

SOLAR REPORT 649.9 kWh produced in 373 Hrs, 7/23/10 at 6:24pm

(go-live date was 6/28/10 at 4pm)

BRIDGING THE DIGITAL DIVIDE Senator Kerry is even weighing in! The Selectboard and Town Administrator are sending a letter to Verizon as well. Thanks to all of you that have emailed, phoned and sent messages to me through your neighbors that regained service before you did. I am including a list of those I heard from, over 50 people.
